1.0 COLLEGE OF THE MUSCOGEE NATION BACKGROUND

1.1 BRIEF HISTORY

College of the Muscogee Nation is a tribal college created September 1, 2004 by the Muscogee (Creek) Nation National Council and signed into law by the Principal Chief. The law provided legislation to charter the institution and established a Board of Regents. The charter was signed and enacted on July 19, 2006.

Prior to the tribal college offering its first classes (fall 2004), the National Council adopted a resolution expressing support for the Tribal College with the cooperation of the Oklahoma State University system. In addition, an institutional charter has been drafted and by-laws were adopted as the organic documents to organize the college governance & administration.

The Muscogee people have had a longstanding commitment to higher education beginning in 1879 when Indian University (now Bacone College) was opened. In 1885, the institution was moved to its present location in Muskogee after the Creek Council granted 160 acres of land for its campus.

While continued support has always been expressed by tribal officials for higher education, this institution is the first college for the Muscogee Nation. The college currently operates as an accredited institution under the Higher Learning Commission.

1.2 CULTURAL CONTEXT

The college of the Muscogee Nation tradition is founded in Muscogee language and culture passed to us by our elders. On our campus all are free to speak Native languages, share culture and participate in traditions. Vrakkeuckv (Respect) is cultivated. Muscogee ways are interwoven into the curriculum by

honoring generations past while teaching and learning in the present to build our tribal nation for generations to come. Academic quality is very much a part of the College of the Muscogee Nation learning outcomes.

1.3 MISSION STATEMENT

The College of the Muscogee Nation is the institution of higher education for the Muscogee (Creek) Nation emphasizing culture, value, language and self-determination. The college will provide a positive learning environment for tribal and non-tribal students as citizens of a tribal and global society supported by teaching excellence and will offer exemplary academic programs that meet student, tribal, and societal needs. Through instructional quality and visionary leadership, the College of Muscogee Nation will encourage lifelong learners, for personal growth, professional development, and intellectual advancement.

1.4 VISION STATEMENT

The College of the Muscogee Nation fosters the spirit of enthusiasm for learning, identity embedded in culture and appreciation for tradition that will serve our students well into the future benefitting the interests of the Muscogee Nation and enhancing greater participation within the tribal, local and global communities.

1.5 PHILOSOPHY

As an institution of higher education, the College of the Muscogee Nation is dedicated to helping students achieve their academic and career goals by providing a quality learning environment sensitive to our rich tribal culture, language and history. Students, community, and Muscogee (Creek) people are the true foundation for every class taught, every degree offered and every service provided at the college. Together, we build and maintain a tribal college that embraces excellence.

1.6 PHILOSOPHY OF ASSESSMENT OF STUDENT LEARNING

At the College of the Muscogee Nation student learning involves the mastery of subject content, application of knowledge, utilization of resources, and problem solving in a Muscogee context. College faculty, staff, and administration work to support a positive environment for student achievement and development. The primary function for determining effective student learning is the assessment process that uses a variety of valid and reliable measures to monitor and improve courses, services, and programs.

1.7 PHILOSOPHY OF GENERAL EDUCATION

All students participate in common academic experiences during their time at the College of the Muscogee Nation. These experiences are best defined as general education requirements. The CMN program provides students broad and extensive experiences, which are both rich and important in preparation for living in a tribal and democratic society. Taken as a whole, they provide the opportunity for the development of individual talents and a satisfying education experience at the College of the Muscogee Nation. Students complete general education requirements by the time they have completed course work for the associate degree.

1.8 CORE VALUES

College of the Muscogee Nation is committed to core values inherited from our tribal elders:

- *Vrakkueckv* (respect): We value our Native culture, language and community, honoring the rights and dignity of all people.
- *Fvtcetv* (integrity): We are fair, honest and accountable for our actions.
- *Mecvlke* (responsibility): We are loyal, reliable, and diligent in all tasks.
- *Eyasketv* (humility): We are kind, concerned for the well-being of others and embrace equality.
- *Hoporenkv* (wisdom): We gain insight from scholarly learning and the knowledge and experience of our elders.

1.9 GOALS

The following established goals consistent with the Mission, Vision Statement, and Core Values will guide the College of the Muscogee Nation in the present and into the future:

- Offer academic degree programs that are unique and reflect Mvskoke culture, history and language.
- Create educational opportunities that are accessible to the Native community and tribal members.
- Provide co-curricular activities that respect tribal traditions and culture.

- Maintain a focused learning environment in a safe and secure campus.

1.10 BOARD OF REGENTS

The College of the Muscogee Nation Board of Regents is a board of five members created by tribal law and appointed by the Principal Chief and confirmed by the National Council. The Board issues degrees, determines the curricula and courses of study and establishes student fees. The Muscogee Creek Nation allocates funds to the institution for operation and maintenance from tribal appropriations and other funds which are made to the board.

2.2 PROGRAM REVIEW

Program review is part of a college-wide process that occurs each year on a rotating schedule. This practice allows the opportunity for CMN to evaluate how its academic programs can be improved and make plans for the future. A comprehensive review of the program includes evaluation of the relationship between the College's mission and the program learning outcomes. Degree coordinators/faculty will provide a written report on program faculty qualification, student data, and activities to the Academic Affairs/Curriculum Committee for review and the President for final approval.

2.3 FACULTY MEETINGS/FACULTY DEVELOPMENT

General faculty meetings are held when called or authorized by the President or Academic Dean. Faculty Development is a regularly scheduled meeting that is held to address timely topics such as assessment, curriculum development, pedagogy, research, and other subjects as deemed necessary.

2.4 FACULTY COUNCIL

The College of the Muscogee Nation Faculty Council is an organization of the faculty designed to facilitate democratic participation in the development of applicable institutional policies. This is accomplished in accordance with the Council Bylaws through its elected representatives of the Faculty Council, serving as the liaison between the faculty and administration. The Faculty Council President may call a faculty meeting if requested by majority of the faculty.

2.5 STUDENT ADVISEMENT

Faculty members serve as academic advisors for students who are pursuing degrees in their respective academic areas and are continuing students who have been advised during their first year by the Student Success Center staff. The purpose of academic advisement is to assist students in completing official degree plans that will lead to graduation. Degree plans should be prepared by the end of the second trimester. For complete information, refer to the Advisement and Enrollment Handbook.

2.6 CLASSROOM POLICIES RESPONSE TO DISRUPTIVE/THREATENING SITUATIONS

Students who disrupt learning in the classroom are subject to removal and disciplinary action by the administration of CMN. When faculty perceives they are faced with potentially threatening actions or demeanor from individuals in or outside the classroom they should contact the campus security or Muscogee (Creek) Nation Lighthouse.

2.7 SYLLABUS

It is the responsibility of faculty to plan and develop syllabi according to the procedure and format adopted by the CMN Board of Regents. Students will be provided with a syllabus during the first week of class. For complete information refer to the Syllabus Policy.

2.8 CHANGE OF TEXTBOOK

Faculty should notify the Academic Dean and the Curriculum Committee if they intend to change textbooks at least one trimester before change is planned in order to comply with bookstore cutoff dates for ordering new textbooks.

2.9 STANDARDS FOR TRIMESTER CREDIT HOURS

CLASS TYPE	THEORY	LABORATORY	THEORY /LABORATORY	INTERNSHIP
<i>One trimester credit hour requires a minimum of...</i>	800 minutes (13.33 hours) of meeting time	1600 minutes (26.66 hours) of meeting time	1375 minutes (23 hours) of meeting time	2475 minutes (41.25 hours) of employer supervised work time

3.0 ACADEMIC CLASSIFICATION

3.1 FACULTY

The faculty is composed of two groups, the regular faculty and adjunct faculty. The faculty includes full-time, part-time, adjunct, and affiliated personnel. Full-time faculty includes those members of the faculty who are permanent employees of the college and who hold the title of instructor. Part-time faculty members are not employees of the college, but have short term appointments to teach by the academic year. Adjunct faculty members are instructors who hold part- time appointments by trimester. Affiliated faculty members are employed by the college in a regular non-academic profession, but teach classes as needed or as professional practice.

3.2 EDUCATION REQUIREMENTS

The earned degrees or graduate work should be in a field relevant to the individual’s assignment at the College of the Muscogee Nation. CMN requires that Fulltime and adjunct faculty possess a masters degree or working towards a masters degree. General Education faculty must have a minimum of 18-hours of graduate college coursework in the discipline they teach. Unless, it is a highly specialized course, (i.e., Gaming, Mvskoke Language, etc.), or eminent scholars, artists-in-residence and experts (i.e., Mvskoke language, culture, history and/or specialized knowledge) will have expertise relevant to the mission and

charter as well as qualifications demonstrated by record of achievement and recognition as a foremost expert.

3.3 FULL-TIME FACULTY WORK LOAD

Faculty teaching loads are expressed in trimester credit hours and normally are 12-15 hours. The number of hours assigned will be influenced by such factors as: number of student contact hours; class size; number of preparations; and number and kind of other assigned activities.

3.3.1 OTHER DUTIES:

The composition of a full-time faculty member's work load normally will include a combination of teaching assignments and the following types of activities: academic degree program coordination, student advisement, assessment of student learning, program reviews, scholarly activities, grant solicitation, and other activities designated by the Academic Dean.

The Assessment of Student Learning is a method used to authenticate student learning at College of the Muscogee Nation. The information it generates reveals the student learning capacity of each course and/or program. The data that is gathered is used to improve teaching, learning and academic advising at the individual, course, program and institutional level. Assessment also provides an opportunity for the tribal college to effectively communicate to its constituents.

Program review is part of a college-wide process that occurs once every 5 years for each academic program. This practice allows the opportunity for College of the Muscogee Nation (CMN) to evaluate how its academic programs can be improved and make plans for the future.

3.3.2 LOW ENROLLMENT CLASSES:

After regular enrollment, any class having fewer than the minimum number of students established by guidelines of the college will be subject to review before continuance. A class may be canceled only

when determined it is not vital to a recognized degree program. Special consideration will be given to low enrollment classes in accordance with the prior guidelines.

3.3.3 OFFICE HOURS:

Faculty will develop an updated office schedule each trimester showing their hours in the office and hours teaching classes. Hours will be posted by faculty at their respective offices and copies will be provided to the Dean of Academic Affairs and Executive Assistant. When faculty teach classes after 5:00 pm then the number of hours taught after normal work hours will be offset by faculty taking time off during the following work day equal to the time spent in class after 5:00pm. Faculty will not be given time off for classes taught between 8:00 am to 5:00 pm. Time will not be accumulated past one week.

4.0 ACADEMIC FREEDOM

4.1 STATEMENT ON ACADEMIC FREEDOM

College of the Muscogee Nation Faculty members are entitled to freedom in the classroom in discussing their subject, but faculty should be objective in teaching of a controversial matter which has a relation to that subject and of controversial topics introduced by students. The faculty member should not introduce controversial matters which have little or no significance to the subject of instruction.

Academic freedom should be distinguished clearly from constitutional freedom, which all citizens enjoy equally under the law. Academic freedom is an additional assurance to those who teach and pursue knowledge and, thus, pertains to rights of expression regarding teaching and research within specific areas of recognized professional competence.

4.2 ACADEMIC RESPONSIBILITY

- A. Faculty members are responsible for the quality of instruction, their participation in the academic community and responsible service, consistent with the goals of the college. Faculty members have responsibilities to their discipline and to the advancement of knowledge generally. In accordance with Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, College of the Muscogee Nation recognizes the fundamental principles of nondiscrimination and accommodation in academic programs. Academic accommodations should NOT alter the objectives of a course. The purpose of the accommodations is to assure that the student has an equal opportunity to demonstrate his/her mastery of course material and to participate in the educational programs and activities offered by CMN. Academic accommodations to which a student may be entitled include changes in the length of time allowed to complete degree requirements, and adaptation of the manner in which specific courses or examinations are conducted.

II. Policy

Common sources of documentation are health care providers, psychologists, diagnosticians, and / or information from a previous school (e.g., accommodation agreements / letters, 504, or IEP documents).

Students should be encouraged to submit the Academic Accommodations request at the beginning of each trimester to the Office of Academic Affairs. The Academic Dean will meet with the student to discuss the request. An *Academic Accommodation Verification Form* listing the reasonable accommodations will be provided to the student and instructor via email and Campus Vue within 10 calendar days from the date of the request. Students are expected to actively engage in learning by attending every class and diligently completing class activities for each enrolled course. Failure to comply could put the student at risk for being administratively withdrawn from any or all courses at any time during the trimester.

Students are expected to actively engage in learning by attending every class. Failure to comply could put the student at risk for being administratively withdrawn from the effected courses at any time during the trimester prior to the last week of the term.

Class attendance and participation are essential to student success. CMN reserves the right to administratively withdraw any student from an individual course if he or she misses 20% of that course. The following attendance guidelines apply for all CMN courses:

Term	# of class meetings	20% of class meetings	Student will be AW'd after X unexcused absences
8 week –2 days a week	16	3.2	3
15 week –1 day a week	15	3	3
15 week – 2 days a week (when applicable)	30	6	6

1. Administrative withdrawals will begin when the student has missed 20% of the class after the Last Day to Drop with a Refund date.
2. Administrative withdrawals will NOT be processed the last week of the trimester.
3. The instructor must have the CMN attendance policy clearly stated in their course syllabus.
4. The instructor must maintain accurate attendance records for each student daily in CampusVue.

5. The instructor must make efforts to notify the student of an administrative withdrawal. Students should be aware that administrative withdrawal for lack of attendance could cause the following to occur:
 - a) Financial Aid to be adjusted
 - b) A delay in graduation
 - c) The student is responsible for all debts and other charges related to the course
 - d) A loss of residential housing status if withdrawal drops below full-time status
6. If the student fails to comply with the attendance policy, the instructor will then initiate the AW process. Notifying the following individuals via email:
 - a) Student
 - b) Dean of Academic Affairs
 - c) Financial Aid Coordinator
 - d) Registrar
 - e) Advisor
 - f) Student Success Center Coordinator

III. Process for Administrative Withdrawal

1. In order to initiate the Administrative Withdrawal the instructor must submit an *Instructor Administrative Withdrawal Recommendation Form* along with documentation to support the request to the Dean of Academic Affairs at the time of the 6th unexcused absence.
2. The AW recommendation must be approved by the Academic Dean before being processed by the Registrar.
3. The Academic Dean will notify the student, in person with signature verification or with a letter via certified mail of the Administrative Withdrawal from the course within 5 calendar days of the AW Recommendation decision.
4. The student may appeal the Administrative Withdrawal through the Office of Academic Affairs within 3 business days.

8.3 INCOMPLETE GRADES

I. Definition

An Incomplete Grade may be assigned when a student has completed and passed a majority of the work required for a course but, for reasons beyond the student's control, cannot complete the entire course.

II. Policy

Incomplete "I" grades are contingent upon instructor approval, and instructors are under no obligation to grant them. In cases where an instructor agrees to assign an "I" grade, it is required that the student and instructor fill out an *Incomplete Grade Contract* which states the terms required to finish the course. Students have six (6) weeks from the last class meeting of the term in which the incomplete grade was assigned to fulfill the contract. If the requirements for completing the course are not met, the incomplete grade will be converted to the grade listed on the *Incomplete Grade Contract*. Incomplete grades are not encouraged in the student's final term of study, as it could result in the denial of final degree certification for that term.

III. Process for Requesting an Incomplete Grade

1. The student must request in advance a grade of incomplete from the instructor of the course and fill out an *Incomplete Grade Contract* with the instructor.
2. At the time of request, the student must have completed at least 60% of the course.
3. At the time the request is made, the student must be in compliance with all course requirements as outlined in the course syllabus, including attendance requirements.
4. The course instructor may deny an incomplete request even if a student meets the minimum requirements outlined above.

5. The student has six (6) weeks from the last class meeting of the term in which the incomplete grade was assigned to fulfill the contract.
6. If the requirements for completing the course are not met, the incomplete grade will be converted to the grade listed on the *Incomplete Grade Contract*.

8.4 ATTENDANCE

I. Definitions

Unexcused Absence – When a student absence is not considered a valid reason (overslept, not wanting to come, out late, not prepared) for missing class.

Excused Absence – When a student absence is excused for a valid reason. Documentation (note, email, phone call, and/or text by either student or faculty) will be required to excuse the absence. Failure to comply with the request will result in an “unexcused absence.”

II. Policy

Regular and punctual attendance is expected at College of the Muscogee Nation. CMN acknowledges the relationship between attendance and both student retention and academic achievement. Any class and/or activity missed decreases an opportunity for learning to occur and could affect student success in the class. Attendance is required beginning with the first class meeting, and students are expected to attend all classes.

In case of absence, it is the student’s responsibility to contact the instructor. Absences related to official school business are considered excused and the student is entitled to make up the coursework.

In all other cases, the instructor will determine the effect of the absence on missed coursework.

However, the student is solely responsible for contacting the instructor when a class is missed or an

absence will occur. If an emergency arises and a student cannot attend class, it is expected that the student will contact the instructor.

Class attendance and participation are essential to student success. In order to obtain credit, a student must attend at least 80% of the contact hours for the course. CMN reserves the right to administratively withdraw any student from an individual course that has missed 20% of the course, and in the opinion of the instructor, the student does not have a reasonable opportunity to be successful in the course.

The following attendance guidelines apply for all CMN courses:

Term	# of class Meetings	20% of class meetings	Student dropped After x days
8 week –2 days a week	16	3.2	3
15 week –1 day a week	15	3	3
15 week – 2 days a week (when applicable)	30	6	6

III. Procedures for Attendance

1. It is the instructor’s responsibility to provide the attendance requirements to students in the course syllabus.
2. Students are responsible for understanding attendance requirements. This is demonstrated through a signed form provided in each course syllabus.
3. Instructors are required to take attendance for every class meeting and put it into the CampusVue by the end of each day.
4. Attendance is monitored by faculty and the Student Success Center.

8.5 ACADEMIC INTEGRITY

Academic misconduct includes cheating, plagiarism, communicating with other students during an exam,

or other behavior that relates to the student's academic integrity at the college. If there is no doubt that an act of academic dishonesty has occurred, the instructor has the authority to administer any of the following:

1. Not accept the assignment or test in question and record a "zero" for the assignment or test, require the student to redo the assignment or test, or require the student to complete a substitute assignment or test.
2. Recommendation to the Academic Dean the student receives a failing grade (F) or administrative withdrawal (AW) for the course. A written recommendation is required which includes a description of the specific occurrence and supportive documents if applicable.
3. In cases of extreme or repeated incidents of academic dishonesty, submit a written recommendation to the Academic Dean advising that the student be suspended from CMN. The written recommendation is to include a description of the specific occurrences including supportive documents if applicable. When recommendations as described in parts 2 and 3 are made, the student will be notified by the instructor as to what action will be taken. If the student believes an error has been made, the student may appeal the action.

A written appeal must be filed by the student within 10 working days of notification and submitted to the Academic Dean. The appeal is heard by a committee consisting of the Academic Dean, two faculty members and a student member. The student and instructor will be present and after the meeting they will be informed in writing of the action taken.

FINANCIAL AID

9.0 FACULTY/ADVISOR INVOLVEMENT WITH TOKNAWA VNICKY (FINANCIAL AID)

The relationship between the Financial Aid office and faculty is vital for success. The Financial Aid office relies on the faculty's expertise and record keeping when it comes to student records and its effect on their financial aid. The faculty keeps attendance updated, works with students on their academic plans, refers students to the Financial Aid office when necessary, advises students, and much more. The CMN Financial Aid & Scholarships office is directly involved with the faculty and the Dean of Academic Affairs regarding attendance, Return of Title IV Funds (R2T4), Satisfactory Academic Progress (SAP), Financial Aid Suspension Appeals, Remaining Hours Required for Degree Completion, Academic Plans, and degree advisement.

9.1 ATTENDANCE

The College of the Muscogee Nation is an institution that is required to take attendance.

1. It is the instructor's responsibility to communicate the attendance requirements to students in the course syllabus.
2. Instructors are required to take attendance for every class meeting and put it into the Campus Vue student information system by the end of each day.
3. Attendance is monitored by the Student Success Center.
4. The Office of Academic Affairs will conduct a random check of attendance reports.

The student's attendance record is used when calculating a Return of Title IV funds calculation (R2T4), to determine compliance with an academic plan, Max Hours form, and can affect a student's overall aid package. Please refer to CMN's Consumer Information Guide for the complete Attendance Policy.

<http://www.cmn.edu>

9.2 RETURN OF TITLE IV FUNDS (R2T4)

According to federal regulations, a Return of Title IV funds calculation must be completed for any recipient of Title IV grant or loan assistance who completely withdraws or fails all course work from a period of enrollment or stops attending class before completing 60% of the trimester. This calculation determines the amount of financial assistance the student earned and is based on the date the student began the withdraw process or officially notified the institution of the intent to withdraw or unofficially ceased attendance.

The Financial Aid office relies on the faculty to determine the last day of academic activity, intent to withdraw, or last day of attendance to calculate an R2T4. The Financial Aid Coordinator may e-mail an instructor to gather more information about a student's last day of academic activity in order to properly calculate an R2T4. A prompt response is requested due to Title IV regulations regarding an R2T4 calculation. An R2T4 must be calculated within 30 days of the student's withdrawal, last day of attendance or last day of academic activity and the funds must be returned within 45 days. Please refer to CMN's Consumer Information Guide for the complete Return of Title IV funds policy.

<http://www.cmn.edu>

9.3 SATISFACTORY ACADEMIC PROGRESS (SAP)

In accordance with the U.S. Department of Education (CFR 668.16 (e) & 668.34), the College of the Muscogee Nation (CMN) has established minimum academic standards that students must adhere to in determining Satisfactory Academic Progress (SAP) for Title IV, HEA financial aid eligibility purposes. The

SAP standards for students receiving Title IV, HEA funding are the same for those students that do not receive federal aid enrolled in the same program.

This policy provides a consistent application of standards to all students: e.g., full-time, part-time, undergraduate students, and educational programs established by CMN. The policy provides that a student's academic progress be evaluated at the end of each trimester.

The faculty's attendance records and timely posting of grades are very important for the Financial Aid office. The Financial Aid Coordinator must calculate SAP at the end of every trimester and it cannot be done unless instructors have posted grades by the deadline. Please refer to CMN's Consumer Information Guide for the complete Satisfactory Academic Progress policy.

<http://www.cmn.edu>

9.4 FINANCIAL AID SUSPENSION

Financial Aid Suspension is directly related to SAP. A student who appeals their Financial Aid suspension may call upon an instructor for assistance with their case. It is at the discretion of the instructor to help the student or not. Instructors may be called upon to assist the Financial Aid Suspension Appeals Committee on a case by case basis.

9.5 REMAINING HOURS REQUIRED FOR DEGREE COMPLETION

By federal regulation, students have a maximum time frame (total hours attempted, including grades of "W") in which to complete degree requirements and still qualify for financial aid. If an exception is to be made, the rationale must be documented and available for audit in the student's financial aid file.

A student who has excessive hours must outline the circumstances leading to excessive hours attempted. This form must be filled out by the student's advisor and provided to the Financial Aid office along with additional information. It is the advisors job to fill out this form so the Financial Aid committee can

determine if the excessive hours are warranted, and whether or not to allow the student to receive federal aid past the federal regulation time frame.

9.6 ACADEMIC PLANS

Federal regulations require a student make Satisfactory Academic Progress (SAP) toward a degree to be eligible for financial aid. Students who appeal Financial Aid suspension may be approved on an academic plan if the Financial Aid Suspension Appeals committee determines a student cannot make satisfactory academic progress within one trimester or if a student has asked for permission to exceed maximum hours in order to obtain a degree. This plan must be developed by the student and student's advisor. This requires advisors to calculate a completion ratio, GPA, enroll students in classes for their degree plan only and keep the student within the 150% regulation.

9.7 DEGREE ADVISEMENT

Degree advisement affects a student in many ways. Improper advisement can keep the student from receiving Federal Title IV, HEA funds, affect their Satisfactory Academic Progress, cause students to exceed the 150% regulation, and hurt the overall success of that student. If any faculty/advisor has any questions regarding any of the above subjects, Title IV, HEA funds, or financial aid in general please do not hesitate to communicate with the Financial Aid Coordinator located in the CMN Administration Building, Student Success Center. The Financial Aid Coordinator is here to assist everyone involved in the financial aid process and to help ensure the success of our students.
